SHURIJO CASTLE & KOKUSAI STREET

CODE : OKA-218PRICE : \$65.00 Per Person (NON COMMISSIONABLE)

Board your motorcoach for the short drive to Naha City. En route to Shurijo Castle, you will pass Naminoue Beach, Ryutan Pond, and the Prefectural Government Office, designed by renowned architect Kisho Kurokawa.

Majestic Shuri Castle was built in the late 1300s as the palace of the Ryukyu kings. It was destroyed and rebuilt numerous times over the centuries and was ultimately obliterated in the battle of Okinawa in 1945. Reconstructed on the original location using photos, official records and memory, this vermilion-colored castle reopened in 1992 and is noted for both its architectural detail and its inclusion as a UNESCO World Heritage site. The surrounding area also includes other points of historical interest, including the famed red and gold Shureimon Gate, and the adjacent royal tombs. The castle's hilltop location, accessible by steps, provides gorgeous views over Naha.

The main hall, the Seiden, however, is decorated in the original style of the castle, with lavish décor and a striking red color that is unique to Shuri Castle, giving you a taste of the original splendor which surrounded the Ryukyu kings. Please note that photography is permitted on the grounds of Shuri Castle but not in the castle museum.

Other local goods are available on nearby Kokusai Street, your next stop. The cosmopolitan heart of Naha, Kokusai has an international flavor and is host to department stores, hotels, restaurants and theaters. Enjoy 50 minutes of free time to stroll down the street and explore the Makishi Public Market ? located about halfway down Kokusai, on the main Market Street. This lively and bustling "kitchen of Okinawa" is the perfect place to stop to see and taste some edible wonders!

With your camera full of photos and your belly full of delicious local treats, re-board your motorcoach for the short trip back to port.**Please note:** Sequence of tour stops may vary

Please note: Photography is permitted on the grounds of Shurijo Castle but not in the castle museum. Visitors to Shurijo Castle must negotiate steep steps and uneven surfaces. The castle is not wheel chair accessible. Wear comfortable, sturdy walking shoes. Shoes must be removed during the visit to main hall of Shurijo Castle. Makishi Public Market is closed the 4th Sunday of the month.

HIGHLIGHTS OF ISHIGAKI

CODE : ISG-203

PRICE : \$79.00 Per Person (NON COMMISSIONABLE)

Start your exploration of some of Ishigaki's most popular sights by boarding your comfortable motorcoach at port.

Travel to picturesque Kabira Bay, one of the most photographed spots on Ishigaki. Considered the most beautiful spot on the isle, Kabira Bay is not suitable for swimming due to its fast moving current and jellyfish, so it's best appreciated from a glass-bottomed boat tour. Step on board and delight in the clarity of the turquoise waters and the stunning color and formations of the coral reefs. The undersea life is breathtaking!

A short scenic drive takes you to your next site, the Tamatorizaki Observatory, overlooking both the Pacific Ocean and the East China Sea. Located in the northern part of the city, the observatory provides views all the way to Ibaruma Bay and Hirakubozaki on clear days. The picture-perfect vistas are enhanced by the incredible hibiscus flowers, which bloom year round.

At the completion of this wonderful day, relax on your return ride to port.

Duration: 4.5 hours. Tour times below are approximate.
